Easy money? Learn the  
hard way, with Ricardo,  
Legendary Thief

As I gaze upon my  
storehouse of gold, jewels  
and valuables, I sometimes  
think to myself:  
“Ricardo, you are  
getting to old to go  
about climbing up towers,  
sneaking into windows, and  
running from angry  
husbands who think I  
wanted something more  
from their wives then  
jewelry.”

I think the time has  
come to pass along my  
knowledge to one of the  
young ones, the ones who  
hang around the alleys of  
Britannia with hungry  
eyes and sticky fingers.  
Visit the Pirate’s  
Plunder, and I’ll pick a  
worthy successor to the  
throne of the King of  
Thieves. Make sure the  
law isn’t already on your  
tail. Those with a look of  
innocence and a charming  
smile will get extra  
consideration.

There isn't a door in the  
world I can't unlock. If  
you want to learn my  
secrets, be there and be  
ready to work.
